Abortion Must Be Abolished

Abortion is an abomination before God. It is a violation of the Sixth Commandment's prohibition of murder and the modern counterpart of the ancient practice of child sacrifice. The only Biblical response is the total end of this evil.

An abortion abolition bill and resolution has been introduced into the Missouri Senate.

"Scripture says mankind is made in the image of God. Babies are miracles from God. Abortion sheds innocent blood—and this must be stopped. Abortion must be abolished."

SB 699 Bill Summary

This act supersedes provisions of law relating to the performance and regulation of abortions and establishes the "Abolition of Abortion in Missouri Act". This act adds a definition of "person" to the criminal code to include a human being from the moment of conception. Additionally, this act grants the Attorney General and prosecuting and circuit attorneys the authority to enforce certain provisions of the criminal code relating to offenses against the person, including murder and manslaughter, as they relate to abortion, regardless of any contrary federal act, law, treaty, decision, order, rule, or regulation. Any court decision that has the effect of enjoining the state from these actions shall be treated as nonauthoritative, void, and of no force and no state government agency or official and no law enforcement agency or officer shall assist or cooperate in any way with the enforcement of such court orders.
